STATEMENT: The entire delay in filing the required notice of a foreign or international filing from the due date for the required notice until the filing of a grantable petition under 37 CFR 1.137(b) was unintentional. [NOTE: The United States Patent and Trademark Office may require additional information if there is a question as to whether either the abandonment or the delay in filing a petition under 37 CFR 1.137(b) was unintentional (MPEP 711.03(c), subsections (III)(C) and (D)).]

WARNING:

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.

**AFFIDAVIT IN SUPPORT OF PETITION FOR REVIVAL
OF APPLICATION PURSUANT TO 37 C.F.R. § 1.137(b)**

STATE OF NEW YORK)
 : ss.
COUNTY OF NEW YORK)

OGNIAN V. SHENTOV, being duly sworn, deposes and says:

1. I am an attorney in the New York City office of Jones Day. Prior to January 1, 2004, I was an attorney in the New York City office of Pennie & Edmonds LLP, which ceased the practice of law on December 31, 2003. At all times relevant herein until October 17, 2006, I have acted as agent and outside patent counsel for Direct Computer Resources, Inc., the applicant herein ("Applicant") and prosecuted the above-referenced U.S. Application, Serial No. 09/976,813 ("U.S. Application") on its behalf.

2. I filed the U.S. Application with the United States Patent and Trademark Office ("Patent and Trademark Office") on October 12, 2001 and, at the time the Application was filed, made a nonpublication request under 35 U.S.C. § 122(b)(2)(B)(i) certifying that the invention disclosed in the application has not and will not be the

subject of an application filed in another country, or under a multilateral international agreement, that requires publication of applications within 18 months after filing.

3. On October 8, 2002, a PCT International Patent Application, International Application No. PCT/US02/32044 ("PCT Application"), was filed with the Patent and Trademark Office claiming priority of the PCT Application based upon the filing date of the corresponding U.S. Application. The PCT Application was published on April 24, 2003 under International Publication No. WO 03/034263 A1.

4. By letter dated October 16, 2006, I was instructed by the Applicant that all client files and documents relating to the Applicant's representation maintained by Jones Day or by me were to be delivered to Applicant's outside corporate counsel for transfer to Applicant's newly-retained patent counsel.

5. Upon information and belief, on October 17, 2006, papers were submitted to the Patent and Trademark Office revoking the prior power of attorney appointing me and others at Jones Day to prosecute the patent and appointing Applicant's new patent counsel to prosecute the Application on Applicant's behalf.

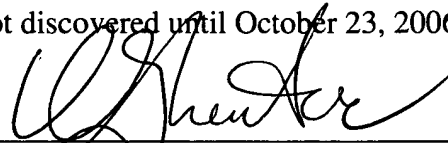

6. On October 24, 2006, the files and documents relating to the prosecution of U.S. and International Applications were forwarded by Jones Day to Applicant's outside corporate counsel.

7. In the course of collecting the files and documents that were to be transferred, it was discovered that a separate notice of foreign filing that was required under 35 U.S.C. § 122(b)(2)(B)(iii) and 37 C.F.R. § 1.213(c) to be filed within 45 days of the date of the filing of the foreign or international application had not been filed with the Patent

and Trademark Office and that no request to rescind the nonpublication request had been filed.

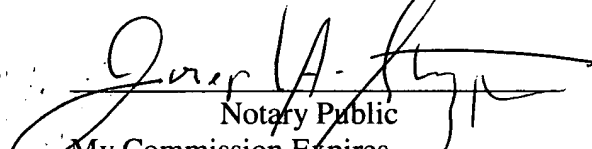

8. By letter dated November 1, 2006, John J. Normile, a partner at Jones Day, notified Applicant's outside corporate counsel of these facts.

9. I hereby certify that the entire delay in filing the required notice from the due date for the notice to be filed until the filing of a grantable petition was unintentional and is attributable to the fact that the omission was not discovered until October 23, 2006.
